M'ARTHUR WINS ANOTHER BATTLE

Claims Land Forces Have Com-
pletely Destroyed the En-
tire Fleet.

FORT WRIGHT FIRED 340 SHOTS

Starlight Made Battleships Stand
Out Clearly—Were Easy
Marks for the Bat-
teries.

BRENTON'S POINT, Sept. 5.—Ad-
miral Higginson's fleet has attacked
the Naragansett Bay defenses.

MACARTHUR'S CLAIMS.

Land Forces Have Destroyed the En-
tire Fleet.

NEW LONDON, Conn., Sept. 5.—

Major-General MacArthur, commending
the department of the East, this
noon made public a statement of the
progress of last night's statement of
the progress of last night's engage-
ments between Forts Wright, Michie
and Terry, and Admiral Higginson's
fleet. The statement says that Fort
Wright fired 340 shots of all calibre,
the first commander claiming the de-
struction of the entire fleet by three
or four times the number of points
required.

Fort Michie's batteries fired at all
the ships until the last one was out
of range, and claims to have put out
the Brooklyn, Indiana and Alabama.
Fort Terry in the meantime was en-
gaged at long range. The statement
adds:

"It was a very clear and bright
starlight night, and even if all of the
searchlights are ruled out by the fire
from the cruisers, the battleships were
easily seen and suffered severely from
the batteries at Wright and Michie."
Shortly after 6 o'clock the battle-
ships passed through the race, return-
ing apparently to Block Island. At
9:40 Fort Adams reported the fleet in
line of battle, heading in at 12,000
yards. At 12:28 Fort Adams reported
the fleet entering the harbor, flying
a flag of truce.

The first gun was fired by the Mar-
blehead at 2:30 and 10 minutes later
the mortar batteries of Fort Adams
replied. The Marblehead came in, us-
ing her bow guns only, with the idea
of putting out of action the signal sta-
tion at Price's Neck. The first shots
of the mortar batteries were fired when
the Marblehead was about two miles
off shore, and it was 10 minutes be-
fore the army succeeded in getting an-
other shot.

The vessels had been split up into
four squadrons. The Massachusetts,
Indiana and Puritan were sent to the
eastward, the Kearsarge and Alaba-
ma, with several small boats, held off
shore. The Brooklyn and Olympia
went over to the Naragansett shore,
while the Marblehead, Mayflower and
Scorpion came straight in towards
Price's Neck.

FLEET'S MOVEMENTS.

Rounded Point Judith Early This
Morning—Clear Day.

BRENTON'S POINT, Newport, R. I.,
Sept. 5.—Five battleships rounded
Point Judith at about 8:30 this morn-
ing and headed northeast, apparently
with the intention of getting to the
eastward of this point and then run-
ning. The ships in line were the
Kearsarge, Massachusetts, Alabama,
Indiana and Brooklyn. A small tug
accompanied them. The weather was
remarkably clear and movements could
be followed 12 or 15 miles off shore.

SQUADRON AT ANCHOR.

POINT JUDITH, Sept. 5.—Eight
ships of war, the Kearsarge, Indiana,
Puritan, Montgomery and Topeka
came to anchor three miles southeast
of here during the forenoon. The
squadron left for the anchorage at
New Harbor, Block Island, at 3 this
morning. The battleships moved
slowly in the direction of Point Ju-
dith, but the other vessels made a de-
tour, some arriving from the westward
and others from the southwest. The
officers and men at the signal station
were using the utmost vigilance, and
every precaution has been taken by
Colonel Reber to ward off or evade
a seizure of the station.

As soon as the vessels had anchored
all the captains went aboard the flag-
ship.

KILLS MAN WHO INSULTS LADY.
Janitor. Attempting to Eject Offender,
Shoots in Self-Defense.

CHICAGO, Sept. 5.—Resenting an
alleged insult to a woman, a tenant

of the building of which he was the
janitor, Amariah Hayner, 73 years of
age, has shot and almost instantly
killed Henry Martin.

The dispute of Martin and the janitor
was begun on the fourth floor of the
building when Martin stepped on the
porch and asked for William Gar-
loff, a former friend.

After being informed that Garloff no
longer lived in the building, Martin
attempted to enter the kitchen of Mrs.
Alberta Baird, with whom Garloff had
formerly lodged. Mrs. Baird then ap-
proached and after a few words with
Martin, appealed to the janitor to
eject the visitor, saying she had been
insulted. Hayner ordered Martin to
leave the premises and on the latter's
refusal, picked up a chair to enforce
the demand. They fought down stairs
Hayner gained the lead and, dashing
into his apartments, seized a revolver,
returned and fired two shots.

Hayner surrendered himself to the
police, claiming he shot in self-de-
fense.

PRESIDENT WILL HUNT LION.

Party for Lion Hunt.

DENVER, Sept. 5.—President Roose-
velt will engage in another lion hunt

in the White River country, of this
state, has received word to prepare for
another visit from the president this
month.

Suicides.

an actress, has shot Julius Bardosa
on the stage. The couple had been
engaged, but Bardosa's affections had
cooled and he had given up his fiancée.
In the play Julia had to shoot Bardosa,
who acted as her sweetheart. Bullets
were placed in the revolver instead of
blank cartridges, with fatal results.
Afterwards Miss Packey committed
suicide by opening her veins.

frock coats and silk hats, and repeat-

cheers. Just prior to the general's de-

Association of Stationary Engineers in
session at Boston, has, according to
the Times special, by a vote that was
almost unanimous, adopted an amend-

ble for the negro to enjoy the social

he should not be allowed to join a
white man's organization.

To His Efforts in Behalf of Arid Land
Bills.

LOS ANGELES, Sept. 5.—A banquet
has been given at the Westminster
Hotel in honor of George H. Maxwell,
executive chairman of the National
Irrigation Association, by the South-
ern California section of the associa-

tion, as a mark of recognition of his
efforts for the passage by congress of
the recently enacted arid lands bill,
by the provisions of which 50,000,000
acres of desert land in the United
States eventually are to be made fer-
tile by government irrigation. Ad-
dresses were made by Senators Bard,
of California, and Quarles, of Wiscon-
sin; George H. Maxwell, Congressman
Jas. McLachlan and others.

Vice-Chairman Hinn read and pre-
sented resolutions of appreciation and
thanks to Senator Bard, Congressman
McLachlan and Executive Chairman
Maxwell for their work in behalf of
the arid lands bill.

ator Bard, and referred to Chairman
Maxwell as the forerunner of the ir-
rigation movement.

PRINCESS SEEKS ANNUL-

MENT OF MARRIAGE.

ROME, Sept. 5.—The application of
Princess Rospigliosi, who was Miss
Marie Reed, of Washington, D. C., for
the annulment of her first marriage
with Frederick Parkhurst, of Banor,
Me., involves a point of canon law,
the decision of which is considered
in church circles to affect thousands
of marriages of Catholics and non-
Catholics in the United States. The
application for the annulment was
filed 10 months ago. It is now said
that the principal reason of the de-
lay is because the propaganda was
unwilling to decide in favor of the
supplicat on a point which might
possibly raise the question of the le-
gality of another marriage.

The princess, lawyers expect to se-
cure an annulment on the ground that
there is no trace of a dispensation
having been either granted or read
in the church at the time of the mar-
riage, which, according to canon law,
is indispensable, as Mr. Parkhurst was
a non-Catholic. The American clergy-
men say that the formalities are gen-
erally omitted, and a decision in favor
of the princess contention will affect
thousands of similar cases. The law-
yers have just formally complained of
the delay in reaching a decision, which
they attribute to malevolence.
